

WHY SHOULDN'T I BE BAPTIZED?

Acts 8:26-39

The Holy Spirit is the hero of every conversion story.

The Holy Spirit ACTIVATES people to share the Savior.

The Holy Spirit empowers believers to participate in simple acts of service for Jesus.

The Holy Spirit empowers believers to engage in life-changing conversations for Jesus.

The Holy Spirit empowers believers to leave their comfort zones and cross barriers for Jesus.

The Holy Spirit ATTRACTS people to consider the Savior.

There is something inside each of us that longs to know our Creator.

There is something inside each of us that longs to experience our Creator.

The Holy Spirit AWAKENS people to their need for the Savior.

We are prevented by our birth to fully connect with God.

We are prevented by our brokenness to fully connect with God.

We are prevented by our blindness to fully connect with God.

The Holy Spirit AWES people with the beauty of the Savior.

We come to see that Jesus was humiliated and cut off, too.

We come to see that Jesus was humiliated and cut off for me.

The Holy Spirit ADOPTS people who trust the Savior.

Baptism symbolizes the believer's new identity.

Baptism symbolizes the believer's new community.
