

# OUR FATHER, WHO ART INCREDIBLE

Genesis 28:16-17 and Selected Verses

*It's not enough for believers to be doctrinally right about God, we have to be dynamically relating to God on the journey of life.*

## Our Concept of God

If God is infinite, shouldn't believers always be *growing* in our understanding of God?  
If the Pharisees of the first century show us anything, it's possible to be "dead right" about God.  
The religious crowd killed "God-with-us" because their concept of God was radically wrong.
